

### Conflict of interest EMAS board members and advisors

Conflicts of interest (COI) arise where there is a divergence between an individual's responsibilities to the EMAS Board and their other interests, such that an individual's motives might be compromised, or perceived to be compromised.

COI include, but are not limited to, the following. Board members and advisors are required to disclose any of the following:

1. All relevant financial relationships with commercial interests (entities producing, marketing, re-selling, or distributing goods or services) in any amount as well as the nature of the relationship (personal or immediate family) within the past 5 years eg:

Membership of speakers' bureau  
Patent ownership  
Membership of board of directors  
Stock shareholding  
Other financial support

2. Any non-financial relationships/affiliations relevant to EMAS

I have no potential conflict of interest to report.
