

## Conflict of interest EMAS board members and advisors

Conflicts of interest (COI) arise where there is a divergence between an individual's responsibilities to the EMAS Board and their other interests, such that an individual's motives might be compromised, or perceived to be compromised.

Board members and advisors are required to disclose any COI.

COIs include, but are not limited to, the following:

1. All relevant financial relationships with commercial interests (entities producing, marketing, re-selling, or distributing goods or services) in any amount, as well as the nature of the relationship (personal or immediate family) within the past 5 years, e.g.:

Grant/research support: ITF Hellas

Consultancies: Astellas, Bayer

Membership of speakers' bureau -

Patent ownership -

Membership of the board of directors -

Stock shareholding -

Other financial support -

2. Any non-financial relationships/affiliations relevant to EMAS

I have no potential COI to report.
